

Table of Content

Chapter 1: Overview	1
1.1 Introduction.....	2
1.2 Indian Tea: It' position in Global Market.....	3
1.3 Some aspects of Tea Plantation.....	7
1.3.1 Climate and Soil.....	7
1.3.1.1 Soil Temperature.....	8
1.3.1.2 Soil Moisture.....	8
1.3.1.3 Bulk Density.....	8
1.3.1.4 Porosity.....	9
1.3.2 Plantation.....	11
1.3.3 Shade Management.....	11
1.3.4 Weed Control.....	12
1.3.4.1 Herbicides.....	13
1.3.4.1.1 Paraquat.....	14
1.3.4.1.2 Diuron.....	14
1.3.4.1.3 Simazine.....	14
1.3.4.1.4 Glyphosate.....	15
1.3.4.1.5 Oyfluorfen.....	15
1.3.4.1.6 Glufosinate ammonium.....	15
1.3.4.1.7 2,4-D.....	15
1.3.4.1.8 Dalapon.....	16
1.3.4.2 Application of herbicides.....	16
1.3.4.2.1 Pre-emergence application.....	16
1.3.4.2.2 Post-emergence application.....	16
1.3.4.3 Method of application.....	16
1.3.5 Plucking of Tea.....	17
1.3.5.1 Plucking Rounds.....	17
1.4.5.2 Plucking System.....	18
1.3.6 Pruning.....	18

1.3.6.1	Light prune (LP).....	18
1.3.6.2	Height reduction prune (HRP) and Medium prune (MP).....	19
1.3.6.3	Deep Skiffing (DS).....	19
1.3.6.4	Medium Skiffing (MS).....	20
1.3.6.5	Pre pruning operations.....	21
1.3.6.6	Post pruning operations.....	21
1.3.7	Manures and Fertilizers.....	22
1.3.8	Drainage System.....	25
1.3.9	Irrigation.....	27
1.3.10	Pest Control.....	28
1.3.9.1	Red spider mites (Oligonychus coffeac).....	28
1.3.9.2	Tea mosquitoes (Helopeltis).....	29
1.3.9.3	Thrips (Scirtothrips).....	30
1.3.9.4	Pink mites (Acaphylla theae).....	30
1.3.9.5	Termite.....	30
1.3.9.6	Red rust.....	30
1.3.9.7	Black rot.....	31
1.3.9.8	Red root (poria).....	31
1.3.9.9	Blister blight.....	31
1.4	Objectives and Proposals.....	32
1.5	Organization of the thesis.....	33
Chapter 2: Algorithms for Digitization of Tea Garden maps		35
2.1	Introduction.....	36.
2.1.1	Raster Data Structure.....	37
2.1.2	Vector Data Structure.....	38
2.1.3	Digitization.....	39
2.2	The Scheme and implementation.....	40
2.2.1	Digitization Process.....	42
2.2.1.1	Placement of image in the frame.....	42
2.2.1.1.1	Algorithm.....	42

2.2.1.2	Vectorization of polygon/ Curve.....	44
2.2.1.2.1	Association of image object name with vectorized polygon/ curve.....	45
2.2.1.2.2	Association of color attribute with the vectorized polygon/curve.....	47
2.2.1.2.3	Algorithm.....	49
2.2.1.3	Regenerating of image from database tables.....	49
2.2.1.3.1	Algorithm.....	52
2.3	Comparison with existing digitization techniques.....	53
2.4	Discussion.....	54
 Chapter 3: System Design		55
3.1	Dataflow Diagram.....	56
3.2	Database tables and functional dependencies (FD) among the attributes	60
3.2.1	Area Table.....	61
3.2.2	Plucking Table.....	62
3.2.3	Pruning Table.....	62
3.2.4	Soil Table	63
3.2.5	Lime_Dolomite_cost Table.....	63
3.2.6	Weather Table.....	64
3.2.7	Manuring Table.....	64
3.2.8	Manuring_cost Table.....	65
3.2.9	Pest control Table.....	66
3.2.10	Pesticides_cost Table	66
3.2.11	Disease control Table.....	67
3.2.12	Chemical_cost Table.....	67
3.2.13	Weed Control Table.....	68
3.2.14	Weed_cost table.....	69
3.2.15	Plantation Table.....	69
3.2.16	Emp_master Table.....	70
3.2.17	W_master Table.....	70
3.2.18	Worker_trn Table.....	71
3.2.19	Cost_all Table.....	72

3.2.20 Sg1 Table.....	72
Chapter 4: Plucking and Pruning Management	74
4.1 Introduction.....	75
4.2 The Scheme.....	75
4.3 Results.....	76
Chapter 5: Fertilizer Management System	81
5.1 Introduction.....	82
5.2 Outline of the scheme.....	82
5.3 The Scheme.....	82
5.4 Results.....	83.
5.5 Conclusion.....	86
Chapter 6: Weed Control system	87
6.1 Introduction.....	88
6.2 The Scheme.....	88
6.3 Results.....	89
Chapter 7: Pest Management System	92
7.1 Introduction.....	93
7.2 The Scheme.....	93
7.3 Results.....	95
Chapter 8: Demand Analysis	98
8.1 Introduction	99
8.2 Individual Demand.....	99
8.3 Market Demand.....	100
8.4 Demand estimation and least squares regression method.....	101
8.5 Economic forecasting and Time series analysis.....	102

8.6 Fuzzy Logic.....	103
8.7 Neural Network.....	104
8.8 Forecasting of Tea Production using Neural Network based on fuzzy data.....	105
8.8.1 Fuzzy Logic(computation)	106
8.8.2 Neural Network Implementation	107
8.9 Conclusion.....	108
Chapter 9: Menu and Form Design	109
9.1 System Menus.....	110
9.2 Forms.....	111
Chapter 10: Report Generation	134
Chapter 11: Discussion	153
11.1 Study Site.....	154.
11.2 Data Collection.....	154
11.3 Problems faced during the research work.....	156
11.4 Conclusion.....	156
Chapter 12: Instruction Manual	159
Appendix A: List of tables and figures	i- vii
