

Acknowledgement

The author is highly grateful to Dr. S. Acharyya, M. Sc., D. Phil. (Cal), Reader, Department of Physics, Raiganj College (University College), Raiganj for his kind guidance, helpful co-operation and active supervision towards the progress and development of the research works presented in the thesis entitled "Dielectric Behaviour of Some Polar Liquids Under High Frequency Electric Field".

He is indebted to Dr. R. Ghosh and Dr. D. Chakraborty Readers, Department of Physics, University of North Bengal for their kind permission to use Dielectric Laboratory for the experimental works presented in the thesis.

The author feels pleasure to convey his gratefulness to Dr. T. K. Chatterjee, Registrar, and all the members of the Department of Physics, N.B.U., particularly Prof. R. Paul, Prof. B. Bhattacharyya, Prof. D. Dasgupta, and Prof. S. K. Ghosal without their help the thesis works may not be possible.

He is really thankful to Mr. N. Maitra and Mr. S. Saha, Department of Physics, NBU for their help and cooperation during the experimental works.

The author takes an opportunity to acknowledge the constant encouragement, help and cooperation received from Dr. D. Deb and Dr. A. Nanda of NBU, Dr. C. R. Acharyya, Dr. A. K. Ghosh, Dr. C. Basu and Dr. P. Roy of Raiganj College.

He is specially thankful to Dr. S. K. Sit of Raiganj Polytechnic, Mr. N. Ghosh and Mr. K. Dutta, research workers of Raiganj College for their helpful cooperation in the preparation of the manuscript of the thesis. He is also thankful to Mr. R. Roy, Asst. Teacher, Raiganj Coronation High School for reading out the thesis.

Finally, the author is indebted to his wife Mrs. Sukla Basak and only son Subhadip Basak for their co-operation during the tenure of research work.

Rabindra Chandra Basak
