

A C K N O W L E D G E M E N T

I gratefully acknowledge my indebtedness to Prof. S.N. Sen, Head of Physics Department, North Bengal University (NBU) for his able guidance, encouragement and active interest but for which the present work would not have reached the state of completion.

I am also indebted to Prof. K.G. Emel us, Editor, International Journal of Electronics for his comments, helps and criticism through correspondence.

During the present investigation I was fortunate to receive constant encouragement and co-operation from my teacher-colleagues and the technical staffs of the Physics Department. In particular, I would like to thank Sri G.P. Nandy, Senior Research Fellow with whom I had the privilege to work in a number of joint investigations, Sri A. Acharya, Reader and Dr. B. Bhattacharya, Reader, for their helpful comments and criticism.

Sri R.P. Das, Lecturer, Siliguri College, Sri D. Mukhopadhyay, AIR and Dr. Subir Roy, IACS, Calcutta provided beneficial criticism and comments. Dr. Subir Roy along with Sri S.K. Ghosh, Sri T. Hazra and Dr. T.K. Ghoshal, Reader, E.E., Jadavpur University also helped during the preparation of the type-script.

(11)

Figures of the thesis are drawn by Sri N. Ghosh, Sri S. Chowdhuri, Physics Department, N.B.U. and Sri C.R. Sen painstakingly typed the thesis in various stages.

Thanks are also due to the North Bengal University for providing all the necessary facilities and the University Grants Commission who partly financed the present work by way of fellowship.

I also want to record my thanks and appreciation to my wife Sonali for her enduring patience, understanding and encouragement.
