

PK Sarkar, PhD
Professor

MICROBIOLOGY LABORATORY
DEPARTMENT OF BOTANY
UNIVERSITY OF NORTH BENGAL
SILIGURI-734 013, INDIA

February 2, 2017

Certified that the work presented in the thesis entitled, 'Antinutritional factors as influenced by processing parameters during the production of some traditional legume-based fermented foods of India' has been carried out by Mr Anand Sharma, MSc under my supervision at Microbiology Laboratory of the Department of Botany in the University of North Bengal. The results incorporated in the thesis have not been submitted for any other degree elsewhere.

Further certified that Mr Sharma has followed the rules and regulations laid down by the University of North Bengal in carrying out this work.

A handwritten signature in black ink, appearing to read 'P.K. Sarkar', with a stylized flourish at the end.

P.K. Sarkar
