

ACKNOWLEDGEMENT

It is indeed a pleasure to acknowledge the debts of gratitude to all who have made possible my progress towards the grand culmination of my doctoral thesis. No doubt this paper's recognition can never repay the debts of love, support and sincere cooperation of my well wishers, but in reality, debts, which are truly priceless, are a law of nature abstract. In fact, there are numerous individuals who have assisted me to make this work successful and it would be my immense pleasure to mention the names of each one of them individually, any omission of names of contributors due to limited availability of space is apologized.

It is my utmost pleasure to express my sincere appreciation and gratitude to my respected guide Prof. L. K. Nath, who had continuously enriched me with his invaluable suggestions. Continuous encouragement with clear vision and his inherent generosity in allowing me the necessary freedom to exercise my thoughts was always there. I can not express his contribution in black and white, only heartily appreciate his priceless guidance in doing everything to materialize and achieve the goal of the research project.

I would be failing in my duties if I forget to mention the valuable cooperation of Dr. H. P. Chhetri, by providing me the required space and facilities to complete my research work.

I take this opportunity to acknowledge my sincere thanks to Dr. K. Gauthaman, for his continuous encouragement and for inculcating positive attitude towards my research project.

I express my deep gratitude to Mr. Sudip Das, for his continuous support and cooperation, without which the research work would not be completed.

I am also thankful to Mr. Prithviraj Chakraborty, Mr. Uday nayak, Mr. Samir Patro, Mr. Arnab Bagchi, Mr. Guru Saran, and Mr. Prasant Rout, for their valuable assistance in my research project.

I express heartfelt gratitude to my colleague Mr. A. Ghosh, Mr. P. K. Kar and Dr. B. B. Bhowmick, for allowing me to share their knowledge and priceless cooperation.

I am thankful to Mr. S. Hati, Mr. J. Pradhan and Mr. B. D. Pathak, for their support to materialize my research project in time.

I wish to thank Sun Pharmaceuticals Ltd. for their generosity in providing me the sample of drug for carrying out this research project. I also express my sincere thanks to

University Science Information Centre, Jadavpur University, for allowing me to get the selective scanning electron microscopic photographs.

I am thankful to my father Late Manoranjan Dey, for doing everything in life for me and without him I would not have here. I am also thankful to my mother Smt. Usha Dutta Dey, and my wife Smt. Rumpa Dey for their continuous encouragement throughout the entire research work.
