

A C K N O W L E D G E M E N T S

I take this opportunity to express my profound gratitude to Professor A.K.Chakravarty for his inspiring and meticulous guidance during the course of this study. But for his encouragement and all round support the work may not have seen the light of the day.

I am very much thankful to Shri T.K.Damodar Rao, Principal, Dr. Ambedkar College, Nagpur and members of the Local Managing Committee of the college for forwarding my case to the University Grants Commission (UGC) for financial assistance and also for granting me leave for pursuing my research programme. I am also thankful to UGC for providing financial assistance for the work.

I am especially thankful to Dr. Sourav K Sarkar for his invaluable and ungrudging help during the course of this investigation.

Thanks are also due to Ms.Subhra Jha, Ms. Moitrayee Chakrabarti, Ms. Anuradha Rai and Shri Sanjib Das for their manifold help and courtesies during the course of this work.

I am obliged to the Teachers, Scholars and Staff of the Centre for Life Sciences, North Bengal University for their help and co-operation during the tenure of my work and to Mr. N.C.Ghosh for drawing the figures.

Finally, I wish to thank the authorities of the University of North Bengal for permitting me to carry out my research work in the University.

A handwritten signature in blue ink, appearing to read 'A. Sinha', with a long horizontal line extending to the right.
