

ACKNOWLEDGEMENT

I express my indebtedness to Dr. B. Bhattacharjee, Reader, Department of Physics, University of North Bengal, for his unfailing interest, guidance and valuable ideas contributed in the progress of the work. I also wish to express my gratitude to Professor S. N. Sen, Senior Professor of Physics, University of North Bengal for his keen interest in the present work.

I am thankful to the University of North Bengal for providing me with Laboratory, Library and other facilities. I am also thankful to the University Grants Commission for providing me with the Teacher Fellowship under the F.I.P.Scheme.

Lastly, I express my thanks to the Technical Staff of the Physics Department, North Bengal University for their invaluable co-operation in designing and constructing different equipments used by me in the present investigation.
